Oak Grove's Comprehensive Planning Process Now Underway

OAK GROVE, MO – April 22, 2022 – The City of Oak Grove has launched its public engagement process for the update of Oak Grove's Comprehensive Plan, which was last updated in 1999. The planning process will include community engagement opportunities with the goal of forming consensus for the foundation of the community's 10- to 20-year vision.

The new comprehensive plan will build upon previous plans and evaluate housing, economic development, community services and utilities, physical characteristics, transportation and infrastructure, and existing and future land use within the city. The comprehensive plan will assess the current state of the Oak Grove community, identify Oak Grove's biggest assets and future challenges, and set forth policies for future development to maintain and strengthen Oak Grove's family-friendly culture, local economy, and quality of life.

The comprehensive plan project website is now live at www.oakgrovecompplan.com. The public is encouraged to visit the project website to sign up for notifications of upcoming public engagement opportunities and updates. A community survey will also be available on the project website in the coming weeks. The project is on track for completion in December 2022.

For more information, visit www.oakgrovecompplan.com or contact Matthew Randall, City Administrator at mrandall@cityofoakgrove.com or 816.690.3773 ext. 1000.
